This email is in follow-up to the conversation that Nate and I had at the WTC BID Board meeting yesterday. The WTC BID would like to see regular, at least quarterly, Sepulveda Boulevard Tunnel pressure washing.

We want to contribute to the solution. We would be willing to supervise the on-going pressure washing work if we can get reimbursed for it. Our CleanStreet Inc streetscape vendor has the capabilities to perform the work.

Does the attached letter help CD11 advance this goal? Please suggest any changes that would assist your efforts. We would like to send this letter within the week. We look forward to your feedback on the attached draft.

Thank you.
